MAINLAND FIRE EXPERT THINKS RATES WILL DROP

"Although I am not prepared at this time to make any criticism of the rate provided by the local board of underwriters, I will say that Honolulu has one of the most effective fire departments in the world. I have been very much pleased to visit. Your chief deserves a world of credit. Not only are the station houses in excellent condition and the men well-trained, but alarms are answered most promptly. I have made a thorough examination of these conditions and I know what I am talking about."

The above statement was made yesterday by F. M. Avery, president of the fire association and Philadelphia Underwriters' Co., who came to Honolulu for the purpose of looking into local conditions with a view to placing agencies here for his two companies.

"I am too much of a stranger to venture any criticism of the fire insurance ratings in your city," he said, "but perhaps there should be some decrease of rates in the residence district. My examination of the water supply was not as complete as I should have liked, but as far as it went it showed conditions here to be satisfactory. One improvement I would suggest is that the fire department get a good hook-and-ladder apparatus. This is at the present time lacking, and would be necessary in case of a blaze of any size breaking out."

It was not necessary to ask Mr. Avery how he liked Honolulu. You have a great town here," he declared enthusiastically. "It's without exception the most beautiful place I ever visited. I had no idea of the wealth of foliage here, or of the perfect weather that continues perfect from day to day. I have been greatly impressed with the wonderful future before Honolulu. Before coming here, I had no idea of the possibilities. Your floral parade was the most beautiful I have ever seen; it alone was worth the trip."

Avery took the Wilhelmina yesterday back to the Coast. He has placed the agency for one of his companies with Bruce Cartwright, but arrangement for the placing of the other company had not up to the time of sailing been completed.

PLAN MORE LOCK BOXES

Between 500 and 600 additional lock boxes will be installed in the Honolulu postoffice if the plans in hand by H. L. Kerr, architect, be approved in Washington, as they probably will be.

While several different schemes are under consideration, it is likely that the one to be adopted will be to take out the stairway at the corner of Merchant and Bethel streets, and install the new boxes in the spaces thus made available. There would be two sections of boxes, aggregating 500, on the Bethel street side, and about 90 boxes facing Merchant street in line with the majority of the present boxes.

Besides accommodating the boxes, the alteration in the structure would give more room for the clerks inside. It is proposed to replace the stairway by a new one facing the alleyway next to Honolulu Hale—either a spiral one outside or a flight inside, probably the latter.

There is urgent need for more boxes, orders being on file for many more than are available in the present installation.

HEADACHY, BILIOUS, UPSET? "CASCARETS"

Bilious, throbbing headache means bowels are clogged and liver stagnant—you need Cascarets.

You're bilious, you have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleansing up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and intestines can be quickly cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and your head clear for months. Children love to take Cascarets, because they taste good and never grip of tummy—advertisement.

DOCTORS TO REPORT IN BIG INJURY SUIT

A board of three doctors has been appointed by the action of Judge Cooper's court to report upon the injuries sustained by P. Braida, the laborer who is suing the Hawaiian Dredging Company for \$25,000 for injuries received at Pearl Harbor in November, 1910. The board will also decide whether or not Braida received adequate and prompt medical assistance subsequent to the accident. Drs. C. B. Wood, A. G. Hodgins and J. R. Judd, the practitioners appointed by the court, have taken x-ray photographs of Braida's foot and made a thorough examination of the conditions of the accident. Final judgment in the case rests largely on their decision.

They that are least divided in their care always give the best account of their business.—William Penn.
